

The Windward

July 1993

COMMODORE'S REPORT

An enjoyable evening was had by all in attendance at this spring's Annual Dinner Dance held at the Sprinside Inn on Saturday, May 8th. Approximately 75 members and guests dined and danced to the music of Chris Farrar. Thanks once again to Suzanne Klink for organizing another fine evening of fun and entertainment!

Clean-up day went well with lots of work being accomplished by many of the same hard workers who continue to put forth the necessary effort to bring our club back into shape - especially this year after such a hard winter. Next year I would like to see a few more members in attendance; it would certainly make the job go faster and more could be accomplished.

Thanks to an active Board of Directors (led by our Secretary, Sue Cranfield, and our Treasurer, Rich Knaul) much has been accomplished in these past few months. We have organized many social functions; our buildings are being maintained by Leo Warren (with lots of help from Dave Knaul); the grounds have been improved by Don Devine; the kitchen opened following another well-attended Beef Roast with Bill Drennen and Diana Sobus; sailboat racing and special event regattas have been organized by Don Hoffman; the waterfront is well-organized thanks to Jack Cavanaugh; the lifeguards are on duty and the swim program is off to a good start with Audrey McNally, and the fine Windward publication has been done by Nancy Karpinski. And let's not forget our Commodore Elect, Jake Harding, who has taken on a variety of special tasks.

As I write this portion of this month's Windward, I can't help but comment on the fine weather we've had these past few days - sunny and WARM.....let's hope it continues! Meanwhile, I'll look for each one of you as I row out to my sailboat for yet another enjoyable outing at the OYC.

Barry Wright

SOCIAL

A big thank you to Sue Felter and Mindy Johnson and their committees for a successful Beef Roast. Our season has begun with some cool, sunny days and some beautiful sunsets. Mark your

with many entries, no wind, and lots of fun. The winners were:
Sloop - the Vincent family; Laser - Peter Whiting; Catamaran -
Jim Kusche.

Merry are we, merry are we
There's no one on earth like a sailor at sea

Don Hoffman

TREASURER

Members should have received their yearbooks and chits by now. If you haven't already, please check your listing and let me know if there are any mistakes or changes you would like to make. Children are only to be listed if still paying members (\$35). Please let me know if there are any mistakes in this area also.

Rich Knaul

KITCHEN

Please join us for Ladies' Day lunches on Wednesdays and for Diana's delicious Friday night suppers (reservations please). Menus are posted in the clubhouse. Reminders: Please discard trash before returning trays to the kitchen, and the kitchen is closed on Mondays.

Bill Drennen

GROUNDS

A french drain has been installed in the upper parking area. The drain will direct rain water run-off into the southend drainage ditch. This should keep the upper parking area drier. Also, we have restoned the upper parking area, lower southend parking area and the lower southend picnic area.

The damaged boat ramp area will be cut out and removed. A new 10' x 10' concrete pad will be poured. The mole area sink holes will be repaired and the lower wall reinforced with a concrete barrier. The work will be done by Dave Eldridge Construction as soon as we get approval from the N.Y.S. DEC.

Don Devine

BUILDINGS

It has been brought to my attention by Commodore Barry Wright that damages are occurring due to children playing unsupervised in the buildings. Club property should be treated as you would your own homes. I would appreciate your help in correcting this situation.

Leo Warren

SPECIAL NOTE

The Board of Directors is concerned about the safety of children using our playground. PLEASE DO NOT PARK ADJACENT TO THE PLAYGROUND except during special club events when all other available spaces are filled. Thank you for your cooperation.
