## COMMODORE'S REPORT Barry Wright

What a great summer to be a member of the Owasco Yacht Club! Can you ever remember one with more sunny days than we had from June through August? I would like to thank the 1993 Officers and Board of Directors for their ideas and efforts throughout this year that helped to carry on the various activities and maintenance of the entire facility. Without their hard work, our club would not be able to maintain the high standards that have been carried on for over 70 years at this fine property on Owasco Lake. Special thanks to our Club Steward, the Lifeguards, and the Kitchen staff.

---

## WATERFRONT Jack Cavanaugh

Boat owners should be aware that the lake level is dropping quickly and the depth of water at the launch area is shallow, so be sure to get your boats off your hoists and moorings. THE DATE FOR THE REMOVAL OF HOISTS IS NOT FIRM AT THIS TIME; HOIST OWNERS WILL BE NOTIFIED BY PHONE OR A SEPARATE MAILING.

---

## SOCIAL Suzanne Klink

Thanks so much to Adele Keegan for coordinating Wednesday nights' "Music on the Deck with Chris Farrar" and to Diana Sobus and staff for the special food. See you at the Halloween Party!

---

## SAILING Don Hoffmann

Lots of enthusiasm and little wind! That's the best way to describe our sailing season this year. We did manage two great regattas - July 4th and Labor Day. The Labor Day regatta, with a field of 16 boats, was won by Jack Cavanaugh and Leo Warren (sloop class), Peter Whiting (Laser) and Jim Kusche (Hobie 16). A high point of the summer was the interest shown in sailing lessons. Twelve students took a week-long beginners course in August, and some went on to become crew members in the regatta. We hope to offer the same program next year - possibly even an advanced class. See you at the Annual Meeting for the awarding of trophies.
